Office Policies

Insurance and Treatment Authorization

Required for All Appointments: At each visit you must bring your current insurance card, photo identification, and a method of payment. We accept cash, check, credit/debit cards. Failure to provide your insurance card with co-pay or payment in full (if no insurance) may result in your appointment being rescheduled. Additionally, please notify our staff of any address or insurance changes before your appointment.

Payment for Services: Payment for services rendered is required at the time of the visit. We do not bill except under unusual circumstances that have been approved.

Insurance: We have made prior arrangements with many insurers and health plans. We will bill those plans with which we have an agreement and will collect any required co-payment at the time of service. In the event your health plan determines a service to be “NOT COVERED,” you will be responsible for the complete charge. In that event, we will bill you and payment is due upon receipt of that statement.

Medicare: We will bill Medicare for you. We do accept Medicare assignment; however, the patient is responsible for the yearly DEDUCTIBLE plus the 20% Medicare doesn’t pay if you do not have a secondary insurance.

Emergencies: Our office does not provide “emergency services.” If the patient during the course of his/her treatment has an urgent concern, an appointment will be scheduled as soon as possible. If the patient has a critical emergency, he/she may need treatment in the hospital or emergency room, and will be referred for that purpose.

After Hour Calls: The office has an answering service that you may leave a message with after office hours. They will page the physician. We will call the answering service back and they will give him the message. He will then decide what action to take.

Cancellation Policy: Please notify our office 24 hours in advance if an appointment will be missed to avoid being charged for the time that was reserved for you. Failure to show up for more than two appointments consecutively without notification will result in automatic termination and referral.

**Controlled medications:** It is the policy here at UHP Behavioral Medicine and Psychiatry that the physician will not re-write any controlled medications before it is time for them to be filled again. It is your responsibility to maintain safeguard of your prescriptions once you leave the office. We will not make any exceptions.

Prescription refills: Please contact your pharmacist to request maintenance medication refills. If you do not have additional refills authorized, the pharmacy will need to fax a refill request to our office for approval. Call your pharmacist at least five (5) business days ahead of the need for a refill. Before we approve a refill request, we will need to look at your chart, verify the proper dosage, check for the appropriate response to the drug, and see if any lab test is needed prior to filling your medication. If you have a prescription that has to be hand written, please call the office and make the request. There will be no refills approved Saturday, Sunday or holidays.

Confidentiality: Medical records are confidential. Information contained herein will not be released without written consent of the patient or guardian.

Documents/Forms to be filled out: Please allow at least ten (10) days for any documents/forms, etc. to be completed by the physician. If an address or fax number is provided to us as to where it needs sent, we will mail or fax the forms for you. Otherwise, we will call you when they are finished and ready to be picked up.

PATIENT AGREEMENT:
I have read the office policies and agree to abide by them.

I, the undersigned, hereby authorize examination and any other medical services deemed necessary by the Healthcare providers of UHP Behavioral Medicine and Psychiatry. I authorize the Healthcare providers of UHP Behavior Medicine and Psychiatry to release to my insurance company information concerning healthcare, advice, treatment, or supplies provided to me.

I, the undersigned, authorize payment of medical benefits to UHP for services rendered to me. I understand that I am financially responsible for any amount not covered by my insurance contract. I authorize release of information acquired in the course of my examination and treatment to any other Healthcare provider(s) involved in my care.

Medicare Authorization: I, the undersigned, authorize the Healthcare provider of UHP to release to the Social Security Administration and Health Care Financing Administration or its intermediaries or carrier any information needed to determine benefits payable for related services. I authorize the same information to be sent to my secondary insurance carrier. I authorize the payment of Medicare benefits to UHP Behavioral Medicine and Psychiatry for any services furnished to me.

WVU Medicine BEHAVIORAL MEDICINE AND PSYCHIATRY

Controlled Medications Agreement

Patient Name (PRINT): __________________________________ Date of Birth: _____________________

Certain controlled medications (such as stimulants, benzodiazepines, and opiates) can be very useful in the treatment of some psychiatric conditions. However, these medications do have the potential for misuse/abuse. As a result, local, state, and federal agencies closely monitor these medications. This agreement will clearly define the conditions under which medications such as these will be prescribed.

Patient’s Primary Care Provider:_____________________________________________________________

Medications Prescribed: _________________________________________________________________

Prescribing Provider: ______________________________________________________________________

Patient’s Pharmacy and Town:_____________________________________________________________

1. I understand that I am responsible for all of my controlled medications and prescriptions for such medications. If my prescription is lost, misplaced, stolen, confiscated, etc., it cannot be re-written. If my medication is lost, misplaced, stolen, used up early, confiscated, etc., it cannot be replaced.

2. I understand that all of my symptoms may not be relieved by the medication, and that the medication may be discontinued if it causes and deterioration in my functioning.

3. I understand that these medications are intended to be part of an overall treatment plan, not as a substitute for other therapeutic recommendations. Therefore, I agree to follow any and all recommendations made by my provider to the best of my ability; this includes keeping all scheduled appointments with my provider and following up promptly with consultants and/or other modes of therapy as directed.

4. I agree to not abuse or misuse alcohol, prescription medications, or illegal drugs while taking my medication. I understand that my provider may at any time request that I take a drug screening test and/or bring my medications to my appointment to be counted. I understand that if I fail to report for a medication count or appointment as requested, I may be discharged from treatment. Refusal to take a drug test when requested can be grounds for immediate discharge from treatment.

5. I understand that some controlled medications can cause fatigue or drowsiness. I agree that I will not drive or operate machinery if I experience such side effects.
6. I agree that I will inform my provider promptly about any side effects I may experience with the medication.

7. I understand that refills of controlled substances will be made only during regular office hours, not on weekends, holidays, or at night. If I need assistance with a refill of a controlled medication, I will notify my provider at least 5 days in advance.

8. I agree to have all of my controlled medication prescriptions filled at **ONE (1) pharmacy (named above)**. If there is a need to switch pharmacies, I will inform my provider prior to the change.

9. I agree that the provider named in this agreement will be the only physician to prescribe the controlled medications listed in this agreement. In addition, I understand that I am not to fill prescriptions for any controlled medication of any kind from any other provider until I have first spoken with my provider at UHP Behavioral Medicine and Psychiatry. *(if in doubt, consider it to be a controlled medication until you check with our office and are told otherwise.)*

10. I agree to take my medication **exactly** as prescribed by my provider. If I feel that my medication needs to be changed in any way, I will not make changes until specifically directed by my provider to do so.

11. I understand that if I fail to follow these guidelines, I may be discharged from the practice at my provider’s option. In addition, I understand that my provider may notify my other providers, other medical facilities, and/or other authorities if it is reasonably suspected that I am misusing my medications or prescriptions in any way.

12. It is conceivable that a true emergency situation could arise that might result in an exception to the above guidelines. Such situations could include severe weather conditions, emergency travel, legal problems, family illness/death, or accidents. However, I understand that it will be up to my provider to judge what constitutes an emergency.

13. I understand that certain medications may pose a risk of harm to an unborn baby or a breast-fed child. Therefore, I agree to let my provider know in advance if I plan to become pregnant, or to notify my provider immediately if I discover that I am pregnant.

14. I understand that I am responsible for the safekeeping of my medications and that they are not to be shared, sold, traded, or used by anyone other than myself.

15. I agree that my provider at WVU Medicine Behavioral Medicine and Psychiatry has permission to discuss any aspects of my treatment with dispensing pharmacists and/or other healthcare providers if my provider deems it necessary for improving my treatment or for reasons of accountability. It is my responsibility to make sure that copies of any of my records (from any source) are available for my provider to review if requested.

16. I understand that if my provider becomes uncomfortable providing treatment to me for any reason, I may be discharged from the practice with a referral to another provider if necessary. Such reasons could include (but are not limited to) known or suspected illegal behavior, threats or other violent behavior, known or suspected dishonesty with my provider, multiple missed appointments, or demonstrated inability to keep my medications/prescriptions safe from loss, theft, or destruction.

17. I agree to be bound by these guidelines, and that I have read, understood, and accepted all of them.

18. I give my provider permission to cooperate fully with any and all relevant authorities if, in the course of a legal investigation, any questions arise concerning my treatment; in such case, confidentiality will be waived and these authorities will be granted access to our records of your treatment.
19. I give permission to share my records consisting of medications, diagnoses, progress reports, this contract, etc., with my Primary Care Provider (named above).

20. I understand that my medications are to be kept only in the bottles (or other containers) as they are dispensed by the pharmacy.

21. I understand that one long-term goal of my provider is to make sure that my condition is being treated with the lowest effective dose of any controlled medication, and that therefore periodic adjustments to the dose might be necessary.

22. I understand that it is my responsibility to make sure that the office is provided with my correct contact information (to include at minimum my address and phone number) at all times; this includes contact information even for a place where I may just be staying temporarily, such as with a friend, relative, etc.

23. I acknowledge that I have been given a copy of this agreement.
