Once you have arrived in the lower parking lot, you may come inside the pharmacy or choose to utilize our curbside pickup option. With either option, you will find designated parking spaces located toward the center of the building, near the second set of glass doors.

**For pickup inside the building:**

- Enter the building from the second set of glass doors on the ground floor.
- Go to the left side of the stairs and through the double doors with the “pharmacy” sign next to them.
- Once inside, the receptionist will assist you in picking up your prescription.
- You will be able to pay with cash or card with the receptionist.

**For curbside pickup:**

- Once parked in one of the designated parking spaces, call the phone number listed on the sign.
- When a member of our team answers the phone, inform them that you are here to pick up a prescription and give them the number of the spot that you are parked in.
- Once all information is confirmed, a member of our team will bring the prescription out to your car and request a signature.
- No physical form of payment will be accepted at curbside. If you have a co-pay on your prescription, we will have to have a credit card on file prior to pickup. If we do not have a card on file at the time of pickup, you will need to come inside and provide that information to a member of our staff.
