

# CURRENT VISITOR POLICY:

## PATIENT & CAREGIVER SAFETY ARE OUR HIGHEST PRIORITY

- Visitors should arrive wearing a mask and continue to wear one while in the facility
- Visitors will be asked screening questions upon arrival
- Visitors must obtain, wear and return the specific visitor badge upon entering and exiting the building
- Physical distancing requirements are to be maintained
- No visitation for COVID-19 positive patients unless specific case exceptions apply
- Inpatient visitors must remain in patient room and may not travel to common areas
- Visitors accompanying patients in Outpatient Clinics and Outpatient Procedural areas must stay in room or designated waiting area or may be asked to wait in vehicle to maintain distancing parameters
- Clinical staff may request visitor not to be present in areas with limited space
- Local epidemiologic and supply factors can override these guidelines at anytime

### Adult Inpatient Visitation

- One (1) designated visitor per day from 12 p.m. – 7 p.m.
- One (1) visitor may be permitted for 30 minutes at the time of admission
- One (1) visitor may be permitted at time of discharge to receive discharge teaching or instructions
- Visitors must obtain, wear and return the specific visitor badge upon entering and exiting the building, only one pass per patient per day
- Visitor must stay in the patient room the entire time, once they leave the room they exit the building and return their pass
- Exception guidelines will remain in place at other times

### Adult Outpatient Diagnostics

- No visitors to accompany patient except per exception guidelines

### Adult Outpatient Procedural (Same Day Care/Cath Lab)

- One (1) visitor may accompany patient for outpatient procedures
- Certain restrictions may apply

### Obstetrics/Mom and Baby

- Visitation Permitted: One adult visitor will be allowed daily from 12 p.m. - 7 p.m. in addition to the support person
- Support person may stay overnight

### Pediatric Inpatient

- Two (2) approved visitors per day at bedside

### Outpatient Clinics & Physician Offices

- One (1) visitor is permitted with each patient visit

### Emergency Department

- One visitor will be allowed per patient, two visitors if pediatric patient
- No visitors under the age of 18 permitted
- Exceptions may be made in special circumstances
- All visitors will be required to stay in the patient's room
