CONSULTATIONS

When Calling A Consult:

A consult is called to the service that is on call on the day the injury is identified. The consult is not based off the day of admission.

Ensure an ORDER is placed for the Consult.

Consults Provided by Trauma/Emergency Surgery:

1. We respond to any consult that is relevant to TRAUMA no matter where the patient is located, ie: ED, floor, MICU. Please use the TRAUMA H&P for documentation.
2. We provide PEG and trach consults to the ICU services.

As decided by the Council of Chairs.
