

Program Effectiveness Data

Radiography Program

2014-2018 Academic years

(1) Program Completion Rate (PCR)

Program completion rate is calculated by dividing the number of students enrolled in a cohort by the number who complete the program within 150% of the published program length.

Graduation year	# of student enrolled	# graduating	Program Completion Rate
2018	15	15	100%
2017	15	12	80%
2016	15	13	87%
2015	15	14	93%
2014	15	14	93%
PCR (5 year mean)	75	68	90.67%
			Annual Benchmark =>75%

(2) Credentialing Exam Pass rate (1st attempt)

Credentialing exam pass rate is calculated by dividing the number of graduates who successfully complete the ARRT exam in Radiography on their 1st attempt by the total number of graduates attempting the exam.

Graduation year	# attempting exam	# passing (1st attempt)	Credentialing Exam Pass Rate
2018	15	15	100%
2017	12	12	100%
2016	13	12	92%
2015	14	12	86%
2014	14	14	100%
5 Year Mean	68	65	95.59%
			5 year Benchmark =>75%

Note: The 2015 & 2016 graduates who did not pass on their 1st attempt, passed the exam on their subsequent attempts.

(3) Job Placement Rate

Job Placement rate is calculated by dividing the number of graduates obtaining employment as Radiologic Technologists within 12 month of graduation by the number of graduates "actively" seeking employment.

Graduation year	# of graduates	# of graduates "actively" seeking employment	# of graduates obtaining employment (within 12 mo.)	Job Placement Rate
2018	15	11	11	100%
2017	12	5	5	100%
2016	13	5	5	100%
2015	14	6	6	100%
2014	14	8	8	100%
5 Year Mean	68	35	35	100.00%
				5 year Benchmark =>75%

Note: 4 of the 15 graduates in 2018 continued their education in advanced imaging modalities.

In accordance with JRCERT Standards, the following exclusions are identified when determining the number of graduates "actively" pursuing employment: 1) graduate fails to communicate with program officials regarding employment status after multiple attempts, 2) graduate is unwilling to seek employment that requires relocation, 3) graduate is unwilling to accept employment due to salary or hours, 4) graduate is on active military duty, and/or 5) graduate is continuing education.

Program Effectiveness Data cont.

(4) Graduate Satisfaction

Graduate satisfaction is calculated by the mean score of the program assessment section on the annual Exit Survey collected within 2 weeks post graduation.

Graduation year	# graduating	# surveys returned	Mean Score (5 point scale)
2018	15	12	4.57
2017	12	11	4.71
2016	13	11	4.89
2015	14	11	4.71
2014	14	10	4.56

Annual Benchmark = > 4.00/year

(5) Employer Satisfaction

Employer satisfaction is calculated by the mean score for question #10 on the Employer Survey; "Overall Graduate Performance". Surveys collected 1 year post graduation.

Year	# employers surveyed	# surveys returned	Mean Score (5 point scale)
2018 (2017 cohort)	7	5	4.60
2017 (2016 cohort)	9	7	5.00
2016 (2015 cohort)	7	5	4.90
2015 (2014 cohort)	7	6	4.00
2014 (2013 cohort)	6	2	5.00

Annual benchmark = > 4.00/year

Note: Employer surveys are only sent to employers upon the express written consent of the graduate.
