\*The three students enrolled in July 2022 that would have graduated in 2023, all withdrew from the program. The three-year trend is calculated on the three most recent years of data. Due to the cohort 2023 circumstances, only the student retention 3-year average calculation was based on the 2023, 2022 and 2021. Note: The test takers rate outcome was posted beginning in December 2023.
