

	Procedure Name	IDS Billing for Services
	SOP #04	WVU IDS Pharmacy SOP-04
	Date this Version is Effective	01 January 2025
	Responsible for Content	IDS Pharmacy Manager

I. Description

This Standard Operating Procedure (SOP) details the billing processes of the billing processes of WVU Medicine's WVU

Hospitals (WVUH) Investigational Drug Services (IDS).

II. Rationale

The WVUH IDS team consists of multiple pharmacy technicians and pharmacists dedicated to serving the investigational product (IP) management of WVU's research community related to clinical trials on the WVUH campus.

Billable tasks performed by the IDS team include but are not limited to: protocol and study material review, electronic medical record order set development and maintenance, IP accountability, storage, and temperature monitoring, IP compounding, dispensation, destruction, and/or return to sponsor.

III. Procedures

1. IDS staff will submit a pharmacy fee proposal for budget contract negotiations upon request to initiate a clinical trial (Appendix A).
2. Study-specific invoices are generated within Vestigo monthly and emailed to the appropriate WVU/WVUH/WVUM accounting contact. .
3. Invoices are due 60 days after a billing cycle closes and invoice is generated.

IV. Original Procedure Date and Revisions

16 March 2022, 01 December 2022, 01 January 2023, 01 January 2024, 01 January 2025
