

## Program Packet for Participants NOT Enrolled in a WVU Medicine Medical Plan

Join us in our 28th Annual Walk 100 Miles in 100 Days ${ }^{\circledR}$ program! Although we state that the goal for participants is to walk at least one mile per day for 100 days, there is no limit as to how many miles can be reported per day. Other forms of equivalent aerobic exercises also count (use a scale of 20 minutes = one mile).

## How to Participate:

Employees at WVU, WVU Medicine \& Allied Health Solutions not enrolled in WVU Medicine medical plan, do not have access to the Wellness Rewards portal (through Asset Health) to participate directly on a walking team. This also includes spouses of employees not enrolled in medical coverage, dependent children of employees, WVU Students, and community members.

Instead, these individuals are encouraged to participate on their own by using the individual mileage tracking form included in this program packet. Walking teams can also be formed by individuals that want to participate in the program together and they have the option to indicate their team name on the tracking form.

## Program Participation Waiver:

I understand that Walk 100 Miles in 100 Days $^{\circledR}$ is a voluntary program that may involve strenuous physical activity. I further recognize that any injuries I may sustain are not the responsibility of the Wellness Center at WVU Medicine. I assume the risks for any injury that may occur to me while participating in this program.

Information on ordering a T-shirt will be shared at a later date.

Individual Mileage Tracking Form

## 2022 Walk 100 Miles in 100 Days ${ }^{\circledR}$

## Name:

$\qquad$ Walking Team Name (Optional)

## Reminder:

* 20 minutes of aerobic exercise $=1.0$ mile
* You can track and record all miles completed without a weekly cap
