Calculation of Amounts Generally Billed (AGB)

To calculate *Amounts Generally Billed (AGB)*, we have chosen to use a “look-back” method based on actual past claims paid to CCMC by Medicare fee-for-service together with all private health insurers. This calculation is based on all Medicare and private health insurance payments received for inpatient and outpatient acute services in calendar year 2023.

Payer Group	Total Inpatient and Outpatient Charges for 2023	Total Inpatient and Outpatient Allowed Amount for 2023	ABG for 2023 Inpatient and Outpatient Services
Total of Medicare and Ins.	1,167,635,117	612,649,181	52%

Based on the data listed above, CCMC allowed a blended discount rate for Medicare and private health insurance. This volume is equivalent to a 48% discount rate. We will allow a 50% discount for all uninsured patients according to our Billing and Collections Policy. This discount will be recalculated annually (Next Update April 1, 2025).
