Highlighting Legend
Older version of course
School no longer operational
May not be accepted by RN to BSN programs
Only counts as half of A & P requirement

Notes about transfer courses
1. All courses on this list have been reviewed and approved as an equivalent for one of CNE's general studies or prerequisite requirements.
2. Prerequisite coursework will not be articulated onto CNE transcripts.
3. Some Anatomy & Physiology Sequence equivalents require two courses. A bold "and" is in between the two required transfer course numbers and a bold "AND" is in between the two titles of the transfer courses to help identify when two courses are required.
4. CNE does not require completion of Anatomy & Physiology labs. Some transfer schools required registration in both the lecture and the lab. *If considering the pursuit of further education after the diploma RN, the lab(s) may be required.
5. While CNE has approved credit from several LPN programs for our diploma RN program, it does not mean that other colleges/universities will accept LPN credit for BSN, MSN, etc. programs.
6. If you have taken or would like to take a course not on this list, send a syllabus for the course to CNEAdmissions@wvumedicine.org.

College Name	College Location	Transfer Subject	Transfer Course #	Title of Transfer Course	CNE Requirement - NOT Equivalent
Brightpoint Community College	Midlothian, VA	HLT	230	Principles of Nutrition and Human Development	Nutrition
East Ohio College	East Liverpool, OH	ANP	101 and 102	Introduction to Anatomy and Physiology AND Anatomy and Physiology	Anatomy and Physiology Sequence
Fairmont State University	Fairmont, WV	PHED	3326	Early Psychomotor Development	Psychology
Fairmont State University	Fairmont, WV	FOSM	1120	Nutrition in Childhood & Adolescence	Nutrition
Fairmont State University	Fairmont, WV	FOSM	2200	Introduction to Foods	Nutrition
